ROMMEL REPORTED RETREATING DEEPER INTO MARETH LINE

MANY ENEMY TANKS TAKEN IN TUNISIA

Germans Are Forced to Withdraw After Launching an Attack Near Tamera

200 ARE PRISONERS

Allied Headquarters in North Africa, March 9—(AP)—Marshal Erwin Rommel, beaten back when he attempted six assaults on the Mareth Line in southern Tunisia on Saturday, has withdrawn his forces deeper into his defenses before General Bernard L. Montgomery, an Allied headquarters communique announced today.

Fifty of the Axis chieftain's tanks were destroyed or captured in the six short, fierce actions on Saturday, the communique said, raising the total from the previous figure of 33.

In the northern sector the Germans also were forced to withdraw yesterday after making an attack near Tamera, seven miles west of Sedjenane, the communique said. About 200 prisoners were captured before the enemy called off his attack.

About 100 miles northwest of the Mareth Line, French forces occupied Tozeur, 50 miles southwest of Gafsa, above the Ghatt Djerid.

Rommel, smashed back in his experiment in attacking the new line, the British Eighth Army, was said to have pulled into the high ground about Hallou and to be continuing his retreat.

There was no indication that Montgomery was undertaking a pursuit, however, and the communique said that only patrol activity was engaged in yesterday by the Eighth Army.

The tanks abandoned by the German strategist in front of massed British guns and armor and under a heavy aerial pounding consisted of three Mark II, two Mark III, eight new type Mark III, 19 Mark II specials and 18 Mark IV specials, the communique said. The new type Mark IIIs were said to be equipped with 75-millimeter cannon.

In the air fighter-bombers and fighters of the western desert force poured bombs and gunfire on Rommel's retreating armor and transport and inflicted "considerable damage," the communique said. Other Allied fliers carried out similar attacks in the Sedjenane area where buildings occupied by troops were blown up.

While on a sea sweep bombers and fighters encountered a large formation of Axis planes and shot down 17 of them, the communique said.

(A broadcast by a CBS correspondent from North Africa said 50 planes were in the Axis formation and that Flying Fortresses shot down 10 of them and Lightning fighters shot down seven.)

An Allied aircraft is missing from yesterday's operations, it was announced.

The heavy concentration of Axis aircraft over the Strait was taken by observers as an indication that Allied sea sweeps are making themselves felt on the enemy supply line. Only the day before the Fortresses and twin-motored bombers had sunk or damaged (Turn to Page Seven)

London Has A Short Alert

London, March 9—(P)—London had its first daylight alert in nearly a month in mid-afternoon today, but the all clear was sounded a short time later without any gunshot or bombs being heard in the downtown part of the city.

The alarm was occasioned by two enemy planes approaching the London area from the south coast. The sirens were sounded in the midst of one of the most gala weeks London has had since the all of France. Trafalgar Square is bedecked with flags, street corner amplifiers were blaring national music and well-known types of RAF planes were on display throughout the city to promote the idea of saving certificates in the "Angels for Victory" campaign.

The alert was the second sounded this week in the British capital. The previous one was early Monday morning, when one plane from a coup of about 25 attacking the city slipped over the city and was driven off by a thick barrage. Today's alarm was the first in daylight in nearly a month.

Homes Being Checked In Baltimore For Food

Baltimore, March 9—(P)—Action of the Maryland Office of Price Administration in sending investigators to private homes in Baltimore to check rationed food stocks had the approval today of National Price Administrator Prentiss M. Brown and Regional OPA Attorney Walter Gellhorn. Price Administrator Brown said in a letter to Reuben Oppenheimer, chief OPA attorney for Maryland, that the action was "entirely within legal and proper limits," while Gellhorn indicated that the practice would be continued.

Compromise Tax Proposals Are Rejected

House Ways and Means Committee Unable to Break Deadlock

FUTURE IS IN DOUBT

Washington, Mar. 9—(P)—Two compromise proposals to the Ruml skip-year income tax plan that would have abated lesser amounts of 1942 tax liability were rejected today by the house ways and means committee, thus failing to break the deadlock on pay as you go taxation.

The committee's action left in doubt the future of pay as you go taxation. However, committee members indicated they would turn again to a proposal by Representative Disney (D-Okla.) and Gearhart (R-Calif.) to continue the present system of collecting taxes in one year on the basis of income the previous year, but with a 20 per cent withholding levy against the taxable portions of wages and salaries through weekly or monthly deductions from pay envelopes and salary checks.

The committee yesterday rejected this proposal 13 to 12 weeks ago it also voted down the Robertson suggestions which were rejected again today.

Regardless of what action the committee takes, it was certain that advocates of the plan by Beardsley Ruml, New York banker, embraced in a bill by representative Carlson (R-Kas.), would carry their battle for a full year's abatement to the house floor.

Meanwhile ways and means members searched feverishly for a compromise that would cancel a substantial part, but not all, of one tax year in easing the transition to a current collection system.

The proposal by Beardsley Ruml, New York banker, to skip a tax year was rejected yesterday for a second time, 16 to 9, with nine Republicans supporting it and 15 Democrats and one Republican, Rep. Gearhart of California, in opposition.

Emerging from the tense committee chamber, Rep. Knutson (R-Minn.) announced the nine Republicans were prepared to carry the fight to the house.

ADAMS IS NEW CHIEF STATE RAID WARDEN

Harrisburg, March 9—(P)—Colonel Lynn G. Adams will succeed Ralph E. Flinn of Pittsburgh as chief air raid warden of Pennsylvania.

The former state police commissioner was elected to the post yesterday by the State Defense Council. A. Boyd Hamilton, deputy defense director, was designated at the same time to serve as commander of the state control center.

The council elected Alfred S. Holt of the Department of Public Instruction as chief of training; John H. Murdoch, Jr., state water supply co-ordinator; and Mrs. Benjamin Ludlow, chairman of the advisory committee on child care.

Publishers' Association To Investigate Paper Supplies

New York, March 9—(P)—The American Newspaper Publishers Association disclosed today it has been conducting "an exhaustive and independent investigation" of newspaper supplies, results of which support the recent decisions of Washington and Ottawa that further curtailment of consumption is unnecessary at this time.

In the fullest statement of paper supplies to be issued by the ANPA since newspaper control was inaugurated last year, however, it urges that "there should be no relaxation in efforts of newspapers to reduce newspaper consumption to an absolute minimum."

Referring to rumors of a reduction in newspaper of 40 to 50 per

BROAD POWER TO BE GIVEN GOV. MARTIN

Republicans and Democrats Agree to Provide Authority to Suspend or Modify Laws

OTHER DEVELOPMENTS

Harrisburg, March 9—(P)—The administration's post-war planning bill to carry out a major objective of Governor Martin came out of committee today and was started through the general assembly.

The measure introduced last week, would create a ten-member commission to act as a fact-finding agency to prepare for the reconstruction era.

The committee's prompt report of the post-war bill came as the governor figured prominently in legislative developments with an agreement to accord him broad wartime powers, recall of his controversial nomination of Dr. Frank Parker and a Democratic attack upon the budget for the next two years.

Republican and Democratic leaders agreed to give the governor authority to suspend or modify, at the request of Washington authorities, any Pennsylvania laws interfering with the war effort. Legislation will be drawn up to carry out the program.

The attack on Martin's 1943-45 budget of \$472,000,000, for governmental operations came from Rep. Reuben E. Cohen, Democratic minority leader in the house, who declared the program is permeated with a "do-nothing" philosophy. Cohen said there is "enough hidden money" in the budget to provide a salary increase for school teachers. He proposed that the mercantile tax, which Martin plans to eliminate, be retained to help teachers.

Other capital developments: The War Manpower Commission announced local recruiting campaigns for farm workers, while Chairman James E. Walker of the State War Board said lack of incentive payments may deter farmers from carrying out plans to increase acreages of food crops.

The Pennsylvania CIO called for defeat of a proposed bill to lower contributions made by employers to the unemployment compensation fund through an experience rating system.

The house, after long debate, passed a resolution calling upon congress to adopt promptly the Ruml pay-as-you-go plan for payment of federal income tax. The vote was 110 to 50, with opposition coming from the Democrats.

Approved by the senate and sent to the house were bills to permit insurance of underground mine machinery and equipment and author-

Controversy Is Ended By Withdrawal

Harrisburg, Mar. 9—(P)—Governor Martin's withdrawal of the nomination of Dr. Frank Parker for membership on the Public Utility Commission today ended a three-week senate controversy over confirmation of the University of Pennsylvania professor.

Parker himself proposed the withdrawal after his qualifications had been challenged by Senator Elmer J. Holland (D-Allegheny) and H. Jerome Jaspas (D-Phil.). Martin told the senate "I can only comply" with Parker's request. The chamber immediately returned the nomination.

The governor picked the professor to replace Democratic Commissioner Richard J. Beamish whose term expires March 31. Authoritative sources say talk of a new appointee centers around Ralph Linn, Philadelphia insurance

Most Severe Quake In Recent Years Shakes Homes in Boro

Shock Reported Over Wide Area But No Damage Is Reported

RECORDED AT COLLEGES

Warren and this entire section of western Pennsylvania experienced an earthquake of more than ordinary proportions last night about 11:25. The shocks were felt over the entire district and this morning The Times-Mirror had numerous calls from persons who felt the tremors, which some said lasted several seconds.

Mrs. Glenn Chapel, of the Woman's Club, was the first to call and she stated the shocks were distinct and seemed to last for several seconds. Mrs. Samuel G. King, of the South Side, followed with a call, saying the "quake was the most severe she ever remembered and that at her home the door knobs rattled and dishes on the shelves were shaken, making a distinct noise.

Many others have reported that they felt the shaking in their homes and several also reported that dishes in cupboards were shaken. Warren has experienced other "quakes" in years past and one about 18 years ago shook things perceptibly, while another shock about ten years ago was not of such heavy proportions.

No damage was reported anywhere in this section, although the shocks were reported over a wide area.

The "quake is thought to have followed the fault in the earth's crust which geologists say exists running westward from the Atlantic coast through this area and northward into Canada. The course of past "quakes has followed this line, which in the past years has frequently felt tremors of various degrees of severity. No recorded damage has ever occurred in any of the tremors in this area.

The Associated Press refers to the tremor as follows:

Pittsburgh, March 9—(P)—Strong earth tremors shook sections of the east, middle west and Ontario, Canada, just before 11:30 p. m. last night, rattling crockery, chairs and tables, but causing little damage.

Police in several cities from Detroit on the west to Pittsburgh on the east reported "floods" of telephone calls from anxious residents asking information after their homes had been jarred in shocks lasting as long as 40 seconds. (Turn to Page Two)

Jap Bases On Kiska Island Are Bombed

BULLETIN

Washington, March 9—(P)—American bombers blasted Japanese positions on Kiska Island in the Aleutians, the navy announced today, and delivered minor raids against four Japanese bases in the Solomon area of the South Pacific Sunday night.

By MURLIN SPENCER

Allied Headquarters in Australia, Mar. 9—(P)—A Japanese air fleet of nine bombers and 13 Zero fighters swept in on the flank of Allied forces south of Buna yesterday and sank a small cargo vessel in Oro Bay on the New Guinea coast, an Allied headquarters communique said today, pointing up official warning that it was dangerous to discount Japan's air strength in the Southwest Pacific.

Allied planes intercepted the Japanese attack and shot down one medium bomber and one Zero, the war bulletin said.

It also announced that 89 Japanese survivors of the battle of the Bismarck Sea had been killed by Allied shore patrols after drifting ashore on the coast of New Guinea and on Goodenough Island, off the New Guinea east coast.

REMARKS BY STANDLEY TO BE STUDIED

Ambassador in Moscow Requested by Welles to Send Text of Statement of Tuesday

ENVOY IS CRITICIZED

Washington, March 9—(P)—Undersecretary of State Sumner Welles said today that Ambassador William H. Standley's statement in Moscow that the Russian people were not completely informed of American lend-lease aid to the Soviets, was made without prior consultation with the government in Washington.

Welles made this statement at his press conference and added that he had called Standley for a text of whatever remarks he may have made to the press.

No reply had yet been received, Welles said, adding that until the requested text is at hand he prefers not to comment in any detail.

The undersecretary said that the understanding which existed between the United Nations in the great enterprise in which they were joined for the purpose of defeating utterly the Axis tyrannies and securing the security and liberties of the peoples of the United Nations would not be worth very much if it were not based on complete trust and understanding between all of them.

In his opinion, Welles said such understanding and trust exists. Concluding, Welles said he was sure that Admiral Standley's remarks could not have been intended to do and did not cast any doubt on that trust and understanding.

At the capital, Chairman Bloom (D-N.Y.) of the house foreign affairs committee said in a statement that "it is very unfortunate if Admiral Standley said it the way he is reported to have said it." Bloom explained that he had consulted with the state department on the matter.

Just before the house resumed debate on extension of the lend-lease act, Representative Eaton, of New Jersey, ranking Republican on the foreign affairs committee, commented to newsmen that Standley "has performed a public service" in making his statement.

Bloom issued a prepared statement after returning to his office from conference at the state department.

Moscow, March 9—(P)—Admiral William H. Standley, United States ambassador to Moscow, told a press conference yesterday that the Russian people are not being informed of the extent of help they are getting from America and declared that the situation was unfair to "the plain American people who are digging down in their own pockets."

"I have carefully looked for an admission in the Russian press that they receive American aid from America," he said. "Yet I have failed to find any real acknowledgment of it. x x x"

RESOLUTION URGES SABBATH OBSERVANCE

Harrisburg, March 9—(P)—Governor Martin is asked in a resolution presented in the house to issue a proclamation "emphasizing the importance and value of Sabbath day observance."

The resolution, introduced by Reps. Herbert G. Gates (R-Armstrong) and H. David Sarge (R-Lebanon), read:

"In war time, the distress of the people of the world and of this country as an active participant has put a premium on the value of this holy day and the churches of our land by virtue of other observance of the Sabbath day, are making a vital contribution to the high morale necessary to its advancement."

Tricky How-to-Slice Devices Will Not Be Necessary Now

By KENNETH L. DIXON

Washington, March 9—(P)—Give Junior back his Scout knife and tell hubby it's safe to come into the kitchen again.

Or, if you had to eat cake because you couldn't slice bread, your angel food days are over.

This may seem pretty thick—just as you got the old kitchen crescent sharpened up—but the government has on bakery-sliced bread has been lifted, effective immediately.

And (such a crust they got!) it all came about when a bunch of tricky how-to-slice-your-own devices were beginning to take the edge off what General Sherman said about war.

Food Administrator Claude R. Wickard rescinded the anti-slicing ban late yesterday—after nearly

Country Club Will Be Turned Into Farm

Huntingdon, W. Va., March 9—(P)—Cattle will graze and swine will fatten on what was once the Spring Valley Golf Club course, one of the sportiest in the Huntingdon district. F. C. Local Lawyer Dies After A Short Illness

W. J. Knupp Passes Away At Fourth Avenue Home Early Today

DEAN OF ATTORNEYS

The sudden passing of William J. Knupp at his home, 20 Fourth avenue, this morning shortly after one o'clock, brought to a close a long and active career before the bar and in business. His illness was of short duration, although injury from an automobile accident in 1940 had limited his recent activities.

William J. Knupp was born in 1870, son of John and Emeline Knupp, the family having been prominent in business for many years in this community. He attended the public school of the borough, and upon graduation read law in the office of Ball and Thompson, from which he was admitted to the bar in 1891.

At the time of his death he was the oldest lawyer in point of service in Warren, and had a distinguished career at the bar, particularly in real estate practice and the settlement of land titles. His services in this respect extended throughout northwestern Pennsylvania. In addition he was for many years active in oil development both in Pennsylvania and Oklahoma, and was instrumental in the organization of a number of oil companies.

Surviving are the children of his wife, Alice, who died in 1914: Muriel Cheney, of Tulsa; Adele Knupp, of Perryburg, N. Y.; Montana Knupp, of Warren; Nancy Buchert, of Cleveland; also a grandson, Walter Cheney, of Tulsa. His second wife, Eloise, predeceased him in 1936. He is also survived by brothers and sisters: Al-

Nuernberg Is Target For RAF Bombers

London, March 9—(P)—A strong force of RAF bombers attacked Nuernberg and targets in western Germany last night, the air ministry announced today.

Nuernberg was last hit by Allied planes in a heavy raid on the night of February 25.

Seven bombers failed to return from last night's raid.

One German plane which attempted to intercept the British bombers was shot down, the announcement said.

Some four-motored Lancasters participated in the attack, and at least two squadrons of Canadians took part.

A Berlin broadcast recorded by the Associated Press said large fires were started, and that eight of the raiders were shot down. (Turn to Page Seven)

SOVIETS HARD ON HEELS OF NAZI FORCES

Dnieper River, Northwest Of Vyazma Is Reached By Hard-Driving Russians

SYCHEVKA RECAPTURED

BY EDDY GILMORE

Moscow, March 9—(AP)—The Red army, driving west of recaptured Sychevka, the central front west of Moscow, has reached the Dnieper river northwest of the important German base of Vyazma, it was disclosed today.

A dispatch to the Communist party newspaper Pravda from this sector pointed out that Russian troops pressing hard on the heels of the Germans gave them no respite and drove to the waterway which extends from the central front down through the Ukraine past Kiev and Niropetrovsk to the Black Sea.

The Russians were already east and northeast of Vyazma after advancing through Gzhatsk.

The capture of Sychevka, 35 miles north of Vyazma on the railway to Rzhev, was announced in a special communique last night, and the offensive then lashed west and southwest from Sychevka, it was indicated.

These drives east were building a Russian are about Vyazma, last of the German bastions to stand in the old Rzhev-Vyazma-Velkie Luki triangle.

South of this front, the Russians said they took more settlements west and south of Lgov, below Orel. In the latter area the Germans were reported throwing troops in a series of furious counterattacks, using forces they have been able apparently to shift from other fronts.

Although the Germans seem to have been able to attain numerical superiority in some sectors, no dispatches from the front have confirmed the German assertions that some of their units have stormed to within 12 miles west of Kharkov.

The Russians, however, still were on the defensive southwest of Voroshilovgrad as the Germans mounted heavy attacks supported by tanks and planes, although dispatches said that the Germans had been beaten back.

It was felt here that if the Germans had been able to attain (Turn to Page Seven)

MOTHER JAILED FOR NEGLECTING FAMILY

Towanda, March 9—(P)—Mrs. Johnson is in jail today in default of bail on a charge of failing to properly care for her four small children who, Sheriff J. Stuart Essenswine said, were found suffering from cold in their heatless home Saturday.

The children, the oldest three and including twin sons born Jan. 8, are recovering in a Sayre hospital, Sheriff Essenswine said the older children, Charles, 3, and John 2, were frozen to the knees.

Mrs. Johnson, whose husband is a private in the army, was arrested yesterday following her return from Elmira, N. Y., where she spent the weekend.

Twins' Father Wins Appeal

Philadelphia, March 9—(P)—Philip Mancuso, 25-year-old father of seven-month-old twins, won the first round of a fight against army induction today with the help of a precedent-making federal court ruling, but he still had no assurance that his deferment would last more than a few days.

In a decision described as the first of its kind, U. S. District Judge George A. Welsh ordered a "full and fair hearing" by Mancuso's draft board and the board deferred induction pending a ruling from state selective service headquarters on whether it should obey.

Mancuso argued that the board, in reclassifying him, gave him an unfair hearing, asking him no questions and saying only that he was being classified I-A because he had married after the national emergency was proclaimed.

Assistant U. S. Attorney Edward Kallick told Welsh his decision meant that "there will be thousands of cases like this brought into this and other courts throughout the country."

State selective service headquarters had no comment to make immediately.

Police Investigate Oil City Death

Oil City, Mar. 9.—Police are continuing the investigation into the death of Medrick M. Maynard, 42 who was allegedly beaten to death in a street brawl Monday morning. In the meantime Henry James Jarzenski and Jack Borchert are being held in the county jail for questioning. Mrs. Elaine Slater, of Clapp Farm is being questioned by the police today for her part in the affair.

The trouble is alleged to have started in a club where Maynard is said to have committed an indiscreet act leading to an argument. The argument continued outside the club and Maynard is said to have been beaten so severely that he died at the Oil City Hospital.

A Home Economics Extension meeting was held today at Cone-wading. Another will be held Wednesday at Stoneham and Thursday at Rogertown.

KIWANIS SPEAKER
Kiwanians attending the 12:15 luncheon session at the Hotel Carver on Wednesday will have the privilege of meeting and hearing Rev. Wayne Furman, new First Methodist pastor.

TOMORROW ASH WEDNESDAY
Tomorrow is Ash Wednesday when Lent opens and in many of the churches of the city special services will be held. After tomorrow there will be a diminution of activities of certain kinds until Easter which comes on April 25. One week from tomorrow will be St. Patrick's Day when there will be a round of activities.

WOULD PRESERVE SHIP
Under a bill introduced in the House of Representatives the State Historical Society would be authorized to accept from the Erie county Historical Society a plot of ground for the preservation of the flagship Niagara. The measure would also set up an appropriation of \$10,000 to improve the ground used to exhibit the famous ship.

FRUIT CROPS DAMAGED
The long continued cold weather with the sub-zero temperatures and thaws has worked havoc with fruit crops, according to the growers in this section. Apples and plums are said to have been affected and the peach crop in Erie county will be cut down. Peach growers in the lake belt claim that the full extent of the damage will not be known until spring.

SLICED BREAD TOMORROW
Warren housewives who have been cutting fingers when they attempted to wield the old bread knife will breathe easier tomorrow as the Warren Bakery will put sliced bread on the market again. The bakery will slice its bread turned out tonight and the groceries will have sliced bread for sale again tomorrow.

SALES ARE OFF
Merchants generally about the city report that sales of canned goods have fallen off to a marked degree following the rationing of the various canned commodities. In most of the stores the point value of the various canned articles are displayed with the price tags and this facilitates to a marked degree the ease of buying. Housewives generally are said to have a good idea of the use of the point ration books and there have been few cases of misunderstanding in their use. This has probably been due to the work of the Consumers Committee which had 34 speakers before various clubs and organizations before the registration took place.

BILLS OF INTEREST
In the State Senate yesterday the following bills of interest locally were introduced: By Sen. Stevenson (R. Clinton county) a bill to allow boroughs during the emergency to name policemen without regard to Civil Service requirements; by Lovett (D. Westmoreland county) one to require all school boards to conduct an annual census in their districts of all persons 21 years of age; by Rose (D-Philadelphia) to give all state workers time and one-half for over time; by Sarge (R. Lebanon) to change the term of county school superintendents from four to six years; by Robertson (R. Lackawanna county) to allow president judges to call on former judges or attorneys of 20 years experience to specially preside in court; prohibit the practice of calling other county judges to specially preside.

Reports of the tremors came also from Ohio, western New York and Toronto, Hamilton and London, Ont.

An Erie man said the shock was so hard he fell out of his chair.

The University of Michigan at Ann Arbor reported a distinct shock was recorded on its seismograph at 11:27 p. m. and shocks of diminishing intensity continued about 40 seconds. Canisius (N.Y.) College said it recorded a light tremor at 11:26:15 p. m. and that the epicenter was about 50 miles from Buffalo.

150,000 Victims of Disasters Aided by Red Cross Last Year

A Red Cross disaster worker is shown visiting a marooned family during a recent Ohio flood to bring them food and fuel. Of the 150 disasters handled by the Red Cross last year, 45 were floods. Inset: Roy Wingate, national director, Red Cross Disaster Operations, who has worked on every major disaster in the United States.

Washington, D. C.—There they stood—wet, hungry and homeless—these hapless people of Spring Valley, Wis., which had been virtually wiped from the map by one of the flash floods common to the area.

Their families had little warning. A creek that ran through the center of the village suddenly was transformed into a raging torrent by a week of rainfall.

So, now they stood huddled together watching their possessions float down the angry, muddy stream—gone forever. Crying children clung to mothers, men stood with bowed heads, staring into space.

But the misery of these people soon was lifted. The American Red Cross arrived. Workers of the disaster relief service quickly set up food canteens, obtained shelter for the victims in one case using an abandoned storage house—provided medical service and clothing. Many were inoculated against epidemic.

And the work had only begun. Immediate physical demands of the townspeople cared for, a survey of damage was made to determine the further actual need in rehabilitating the village. In some cases new houses were built to restore the residents to pre-flood status.

This disaster was all a part of the routine of the American Red Cross Disaster Relief Service of which Roy Wingate, for 15 years in disaster work, is national director. During a 14-month period ending February 28 of this year, the Red Cross had given assistance in 150 disasters in 44 states, numerically an all-time high. It spent more than \$1,500,000 in relieving and rehabilitating victims of floods, fires, tornadoes and other natural catastrophes.

Despite the heavy responsibilities occasioned by disasters the Red Cross was able to expand its relief program to meet two new phases of wartime relief work at home.

By agreement with the Office of Civilian Defense thousands of Red Cross workers were mobilized to be ready at a minute's notice to give emergency aid to

Ask Farmers To Increase Farm Yields

Farmers in Warren county are asked to materially increase their acreage of food and other vital crops this season, according to Field Supervisor I. J. Nealon of the Emergency Crop and Feed Loan Office at Butler.

"The farmers of America are faced with the greatest demand for food the world has ever seen and sufficient production will be had only if every individual farmer in each county contributes his share by increasing the acreage of vital crops. The goals which have been set by the Department of Agriculture and county war boards must be met," he said.

Field Supervisor Nealon pointed out that the Emergency Crop and Feed Loan Section of the Farm Credit Administration is cooperating by financing those farmers who are eligible, helping them to expand production thereby enab-

RED CROSS BUTTON GOES TO WAR, TOO

For economic reasons, the American Red Cross, during its 1943 War Fund campaign beginning March 1, will bestow on contributors a paper label tag instead of the usual metal button—the base of which was steel.

Research by the Office of War Information reveals that the 52 tons of metal the Red Cross will save by the substitution, poured into the war effort, would produce:

One medium-sized tank.
Eight jeeps.
The Red Cross plants to distribute 60,000,000 label tags during the appeal for \$125,000,000.

MEN'S BROTHERHOOD

The Men's Brotherhood of St. Paul's Lutheran church will hold its regular meeting at the church at 7:30 Thursday evening, with the following as hosts: Sam Davis, Harold Dietsch, Robert Soderberg and Emmett Ecklund.

BLANKS AVAILABLE

Any boys interested in the navy's V-12 program, for which examinations are to be given at the local high school on April 2, are asked to secure their blanks from Principal Floyd Bathurst as soon as possible.

SPEAKS TO ROTARY

Rotarians attending the weekly luncheon-meeting Monday at the YWCA activities building heard a fine talk on the church under wartime conditions, given by Rev. Wayne Furman, newly arrived minister of the First Methodist church. Albert Knapp, of Marcus Hook, was a guest.

BOOSTERS' MEETING

The March meeting of the School Music Boosters' Club will be held at 7:30 Thursday evening in Beatty School auditorium. In addition to the business session, Harry Summers will present an "amateur night" entertainment by club members and friends and the social committee will serve refreshments.

LENTEN DEVOTIONS

Dr. H. A. Rinard, pastor of the First Lutheran church, will begin the special Lenten devotions for his parish with a sermon on "Abstinence" at 7:30 p. m. Wednesday. In addition to the litany, the service will include the beautiful anthem "Rock of Ages." Pastor and congregation extend a cordial invitation to all interested to attend these Lenten devotions.

OPENING WAS A SUCCESS

Reports from the Marconi Club are to the effect that the opening of the new Fiesta room of the club was a distinct success. The floor show that was given was far out of the ordinary and all of the acts were highly entertaining and large crowds attended each evening performance. The bill will change this evening and an entire new show will be provided for the remainder of the week. The club is arranging for a floor show each evening except Monday as long as the attendance warrants the expenditure for the shows.

GROWERS GET BOOST

Potato growers of this section are receiving a boost through the operation of a dehydrating plant at North Glades, Erie county. The plant is a cooperative and Frank Dodd, of Columbus, one of the county's leading potato growers, is a director. The plant will give an outlet to all potatoes that farmers of this section can raise, establishing a stable market for the growers. Maximum ceiling prices will be paid for all grades of potatoes purchased at the plant. The Farm Security Administration is cooperating in the project, which is considered the biggest advance given growers in this section in many years. C. J. Clark, of Upper Oarby, is the present manager of the plant, which processes the potatoes for foreign shipment.

CLASS IS AT WORK

The new class formed this week at the Machine Shop School at the South street school is under way with an enrollment that is very pleasing to the employment office manager, David Levine. Mr. Levine stated today "the women of the county evidently do not realize what an opportunity they are missing when they fail to enroll for these classes. The teaching they receive under the experts in charge of the classes is excellent and the use of the equipment is entirely free for the students enrolled. There is a great need for trained women and the opportunity for big earnings is something they should not overlook. In many towns where similar schools are operated girls are entering the schools without much solicitation. One girl from Tidoute is enrolled in the new class and three from Tidoute are just finishing and will enter employment in local plants."

ing them to meet and, if possible, surpass the food production goals. He stated that farmers who lack the required security for loans from local banks but whose family labor and land could be put to fuller use in the war program if funds were available, can obtain crop or feed loans. These loans range from \$10 to \$400 depending upon the acreage or the quantity of livestock or poultry to be fed. The interest rate is 4 percent per year and loans obtained in the spring are due the following fall with the understanding that payment will be made from the sale of the crop or livestock financed.

He reported that already a number of farmers in Warren county have obtained crop or feed loans and that any others who wish to apply may see Richard Evans, Pennsylvania avenue, W., Warren.

"What is it we've got that Hitler hasn't?"

HOW could U. S. War production rise higher in one year than Hitler's got in ten? I'm a petroleum chemist working on research, and I think I see how...

"Take synthetic rubber.

"Germany started years ago to develop synthetic rubber because the Germans planned on a war and knew they'd have to have it.

"Here in the U. S. about a year ago, we lost our rubber supply almost overnight and without warning. Yet we're right now on the way to a better synthetic rubber industry than Germany will ever have!

"Here in the Esso laboratories years ago we were developing processes for making synthetic rubber from petroleum. Processes you

read about now in the big emergency synthetic rubber program.

"Now we didn't do that research for war. We did it for knowledge, in our regular hunt for new and better ways to use petroleum.

"What we did for petroleum, other companies did for other things. But the big point is—here 1500 research people work for one company just discovering new and useful things for the future.

"This war is proving, once again, that the American idea is the greatest force on earth. It's an idea Hitler will never understand. But a lot of people he's pushing around are going to share it and thank God for it before many more years go by!"

Ton conclude the afternoon, tea will be served in the parlors by Mrs. Joel French and her hostesses: Mrs. Arthur Franks, Mrs. Z. Manog de Carvalho, Mrs. H. B. Meacham and Mrs. William L. Ball.

DAR To Observe Pennsylvania Day

Pennsylvania Day will be observed by General Joseph Warren Chapter, Daughters of the American Revolution, at 2:30 Thursday afternoon at the YWCA activities building.

At that time the members will have the privilege of hearing an address by Dr. J. A. Davidson, minister of the First Baptist church. It is expected that this popular young pastor will be called soon to start his service as army chaplain and this may be the last opportunity members will have of hearing him.

The program will also include special music and tea served by Mrs. R. L. Young, Mrs. W. C. Clark, Mrs. T. L. Armstrong, Mrs. Harry Conarro, Mrs. Daisy Hanchett, Mrs. Fred C. Eaton, Mrs. P. W. M. Pressel and Mrs. W. E. Lutz.

At two o'clock the same afternoon members of the chapter's governing board will hold a brief business session.

FOR BRIDE-ELECT
Miss Violet Knupp and Mrs. Harold Richard were hostesses for a miscellaneous shower which honored Miss Marjorie Knupp, a bride of the near future. Her engagement to Stephen Francis Simones, son of Mr. and Mrs. Edward Simones, Warren RD 3, has just been announced by her parents, Mr. and Mrs. James Knupp, 9 Bauer street.

Following a delightful evening of games, refreshments were served. Miss Knupp received many beautiful and useful gifts for her future home from the following relatives, neighbors and friends:

Mrs. John Walters, Mrs. E. J. Bauer, Mrs. Mildred Bauer, Mrs. C. H. Olmstead, Mrs. Esther Laufberger, Mrs. Jennie Litchner, Mrs. Theo. Knupp, Mrs. Wilbur Olson, Mrs. Josephine Wagner, Mrs. James Knupp, Mrs. Howard Landers, Mrs. C. P. Richard, Mrs. S. L. Sherman, Mrs. C. J. Bailey, Mrs. William Whitney, Mrs. Ruth Van Horn, Mrs. Dennis Kingsley, Mrs. Gerry Briggs, Mrs. Arthur Briggs, Mrs. Harold Richard and the Misses Margaret Shannon, Irene Peck, Nettie Dunn, Isa Belle Shanshala, Jean Wagner, Helen and Janet Richard, Geneva and Violet Knupp.

R. D. DIVISION

"The Uprooted Christian" was the theme of devotions conducted by Mrs. O. C. Tritt for the monthly meeting of the R. D. Division of the First Methodist WSCS, held in the Everts room. Mrs. A. H. Templeton presented Miss Gloria Hausman, high school student, who gave two readings, "The Uprooted" and "The Tapestry Weaver".

Mrs. Fred Schuler read "thank you" notes from children at the Ruth M. Smith Home at Sheffield for money sent at Christmas time by the society. Mrs. George Irvin presented to each member a very attractive program for the new year. Plans were made for the general meeting of the WSCS in April, when the R. D. Division will present the program.

The program for last evening was in charge of Miss Pearl Lund on "Responsibility for a Just and Enduring Peace" and her review of special chapters in the study book, "On This Foundation" by Stanley Rycroft, was much enjoyed.

Refreshments were served by Mrs. E. G. Garber, Mrs. H. M. Elmquist and Mrs. A. J. Weiler.

PLAYERS' CLUB MEETING AND PLAY

Members of the Warren Players' Club have been advised that a business session for active members will be held at the Woman's Club at eight o'clock Wednesday evening, preceding the studio play.

The play will be at 8:30 as usual, when Fern Mostert will present "Springtime for Henry", starring Homer Fleming as Henry Dewlip, supported by Lester Muthert as Mr. Jellwell, Estelle Wolstencroft as Mrs. Jellwell and Betty Riedel as Miss Smith.

Frances Grosch, in charge of properties, is being assisted by Don Foley, Betty Dunham and Ruth Fleming and Rita Manders is aiding George Wholeheart with the set. Admission will be by membership card only.

PALMER AND GIBSON RITES IN VIRGINIA

Miss Anne Gibson, daughter of Mr. and Mrs. W. G. Gibson, Pleasant township, and Cpl. Lloyd Palmer, son of Mrs. Mary Etta Palmer, Water Lick, Va., were united in marriage February 19, 1943, at Fairfax, Va. The double ring ceremony was performed by Rev. Floyd M. Lucas, of the Methodist church, and he only attendant was Pfc. Robert T. Shaughnessy.

The couple will make their home at Fort Belvoir, Alexandria, Va., where Cpl. Palmer is serving with the medical unit of the United States Army.

COLLEGE CLUB TO HEAR MRS. DAVIDSON

The March meeting of the Association of College Women will be held Friday evening at the home of the Misses Laura and Anna Snyder, Pennsylvania avenue, west.

Mrs. Jessie Davidson will be the speaker, taking for her topic "The American Home in Wartime". Chairman of the meeting is Mrs. Thomas N. Donaldson and hostess is Mrs. W. C. Sigworth.

Service Activities of BPW Membership Lead In Reports Presented at the March Meeting

Following dinner and an excellent talk by Mrs. Z. Magno de Carvalho on her native Brazil, members of the Warren Business and Professional Women's Club held their March business session in the YWCA activities building and voted \$20 to the Red Cross War Fund.

Miss Callie Mead, president, appointed Miss Flora Blair, Miss Ethel Baldensperger and Miss Eunice Alexander as a nominating committee for election of officers at the April meeting, these to be installed in May.

Reports of the secretary and treasurer were given by Miss Elizabeth Brasington and Miss Alexander and Miss Mead read a letter of thanks from the Warren Zonta Club, another from Miss Helen Remler, of Meadville, state program chairman; also communications from the state president and membership chairman.

Mrs. S. D. Blackman, reporting for War Bond purchases by club members, showed total of \$6,750 as of March 1, and enrollees were taken for selling stamps and bonds at local theaters next week. Announcement was made of the April meeting and Miss Katherine Bauer distributed copies of Key Notes, the club bulletin. An attendance of 18 was reported for the combined service club luncheon on February 22 and 32 members were reported to have contributed \$1 each for filling Red Cross kit bags.

A report was given on the pre-service party given recently at the YMCA for Selective Service men, when BPW members were hostesses for refreshments. Letters were read from the Consumers' Committee on the point rationing program and on the Red Cross War Fund Drive.

Mrs. de Carvalho was presented to the club by Miss May Belle Baird, chairman of the international relations committee, who prefaced her introduction with an explanation of the attractive table setting of white candles and miniature flags. There was particular interest in the speaker's remarks, since she comes from a country where two of the organization's newest units have been formed.

She illustrated her talk with explanation of the Brazilian flag and geographical details presented with the aid of a large map and printed literature. A question and answer period followed.

Catholic Daughters Hear Newspaper Talk

Rev. J. William Franklin, of Erie, editor of the Lake Shore Visitor-Register, was guest speaker at the March meeting of Court Warren, Catholic Daughters of America, held Monday evening in the Philomel clubhouse.

A large and interested audience listened to a scholarly talk on news reporting and news interest. The importance of bringing to the readers' attention the main items in the report and subjecting details was brought out clearly by the speaker; the newspaper as a means of education to the public and especially to youth was stressed.

Father Franklin stated that youth movements which did not educate the youth concerning the blessings of democracy and how to attain them were futile. The visitor proved an interesting and entertaining speaker and the court hopes to bring him here again.

Business of the court was conducted by the regent and it was announced that beginning in April, meetings will be held on Wednesday nights in the newly decorated Knights of Columbus rooms.

The meeting was conducted by the regent, Mrs. Willis Cooney and was preceded by a tureen dinner, for which chairmen were Mrs. Gerald Lindberg and Miss Mary Hoag.

Stone Class Holds Meeting and Program

Mrs. Randall Clark, Mrs. Fred Plummer, Mrs. Wayne Helmbrecht and Mrs. Roy Kern served an appetizing tureen dinner to 20 members of the May R. Stone Class of the First Presbyterian church Monday evening. The table was artistically done with pink and white sweet peas and pink tapers.

A devotional program preceded the regular business session. Mrs. George Calderwood reading the 18th Chapter of St. Luke, and giving some practical comments and concluding with a short prayer.

Miss Hazel Thurston, class president, conducted the business meeting. After reports by Mrs. Russell Norris and Miss Esther Stohl, the class voted to omit giving a Lenten tea this year but to distribute envelopes for a Lenten offering at the April meeting. Class photographs taken at the silver anniversary dinner were distributed and Mrs. R. E. Sires showed on a large screen colored pictures of the class, officers, Mrs. R. W. Stone and a few other pictures.

Arrangements are being made by Mrs. W. C. Sigworth and her committee, it was announced, for an evening meeting to be held in the church on April 12.

FOR MISS THOMPSON

Miss Elaine Thompson, who has just arrived home from her employment in Washington, D. C., and will become the bride of Lt. Thomas Conrad on Saturday of this week, was honored guest last evening for a party given by Mrs. Robert Amoro and Mrs. Charles Armstrong at the former's home, 205 East street.

Guests were Mildred Anderson, Audrey Cramer, Mary Lind, Evelyn Armstrong, Mrs. John Allen and Eleanor Smith. Each presented the bride-elect with an attractive gift for her future home.

MOTHERS' CLUB

Pre-School Child Study Group members were entertained Monday evening by Mrs. Harold Flowers, Orchard street, with her sister, Mrs. Carlton Kurz, Mrs. Earl Myers, Mrs. Gerould Ostergard and Mrs. M. J. Lynch as assisting hostesses. Dr. James E. Richards gave a fine talk on the care of children's teeth.

G. R. CLASS

The G. R. Class of Epworth Methodist church will be entertained this evening by Mrs. Kenneth Jenkins at her home on Pennsylvania avenue, east.

Some day that's what you'll be saying . . .

and boy!
what a gas water heater it will be!

* Tomorrow's gas water heater is on the drawing-boards

Not only tomorrow's Gas water heater . . . which will surpass the last ones off the production line in efficiency, beauty and economy . . . but the whole idea of better hot water service for your home is on the drawing-boards.

Right now water heater factories are making munitions. The metal they formerly used is going into guns, tanks, planes and other war equipment. Late-type modern Gas water heaters are still available in dealers' stores under Government priority restrictions, but no new ones are being made until the end of the war.

Water heaters will be even better in appearance, more efficient, more adaptable to family hot-water needs . . . with longer life, less corrosion, greater safety . . . capable of giving temperatures more deadly to bacteria.

Buy it with war bonds—today!

You can't buy this post-war Gas water heater today, of course. So please be patient. Meanwhile, buy War Bonds to achieve victory sooner—and use them later to acquire this post-war Gas water heater and other Gas appliances for your home.

Natural Gas is vital to war industries

Use it wisely!

Follow label directions.

Many Blood Donors Will Aid Red Cross Fund Campaign

More than 400 persons, many of them blood donors, will be active workers in the National War Fund Drive of the American Red Cross that gets under way one week from today. Of these 400 or more some 226 are county workers who will cover every section of the county.

In the entire country it is estimated by Red Cross Headquarters that over 4,500,000 are working on the War Fund Drive which is carried on all this month. 10,000 Red Cross Chapters and branches are conducting the campaign for \$125,000,000 in every community in the country.

Spurred by a need greater than in the days of the first World War the Red Cross mobilization for War Funds will be the greatest drive it has ever been called upon to conduct. Every office, shop, factory and home will be contacted for generous gifts to the Red Cross who so ably back the millions of service men, at home and abroad, now serving in our armed forces.

National Chairman of the 1943 War Fund, Walter S. Gifford, president of the American Telephone and Telegraph Co., said yesterday: "Only through the support of the millions of our citizens can we be assured that all vital obligations of the Red Cross will be accomplished. We can be with our men on the battle fronts only in spirit but we can be represented by the presence of the Red Cross personnel who are with our fighting men everywhere."

"The American Red Cross has the biggest job and the biggest opportunity it ever had. I am supremely confident the challenge will be met. The little label tag bearing its emblem which will be given contributors to the War Fund will be a badge of honor worn by many of us in the coming weeks."

Nuernberg is Target For RAF Bombers

(From Page One)

Nuernberg is one of the chief German centers for production of the Diesel engines which power submarines and factories there also produce armored vehicles, aircraft engines, electric motors searchlights and firing devices for mines. There is also a Messerschmitt factory at Furth in the Nuernberg area.

The number of planes which the Nazis claimed to have destroyed indicated in itself that the raid was carried out in force. This was borne out by observers on the British south coast, who said they had heard a steady procession of bombers heading toward the continent for more than an hour last evening.

The Vichy radio said British planes also were over The Netherlands.

DRAFT BOARD ISSUES WORK OR FIGHT EDICT

Reading, March 9.—(P)—Reading draft board No. 4 issued its own "work or fight" order today, serving notice that it will reclassify for induction any war worker in Class 2A, 2B or 3B whom it adjudges guilty of absenteeism.

Chairman Irving C. Hanner said there had been widespread absenteeism here and asked plants to report future cases.

"Is it true, what they say about War Bonds?"

THEY SAY— "Hey, Bill, I heard that in order to pay for the planes and tanks and guns America needs for Victory, each of us should be putting at least 10 percent of our pay into War Bonds."

IT'S TRUE— "That makes sense to me, Joe. Those things cost plenty of dough and we've got to have 'em!"

THEY SAY— "Sure, I know that. And I've got a hunch our soldiers are going to need more and better equipment than any fighting men ever got before!"

IT'S TRUE— "You bet they will! And here's the way I look at it, Joe. Us guys who can't tote a gun or fly a plane can at least do our share by helping to pay for the things our fighters need!"

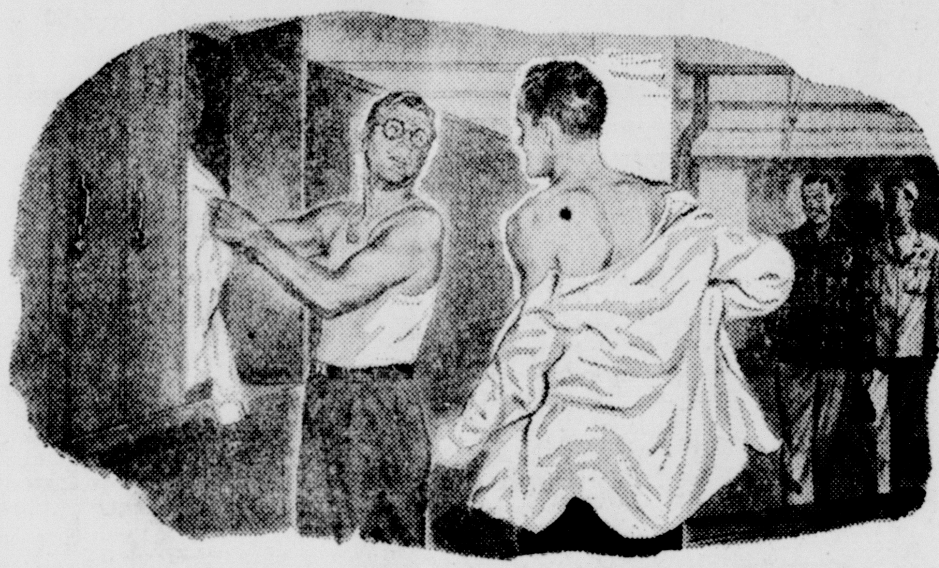

THEY SAY— "Yeah, you're right, Bill. But we're really not *paying* that money to the Government, either. It's just a *loan* to Uncle Sam until the Bond matures."

IT'S TRUE— "That's right as rain, Joe! You get it back—with interest. Every 3 bucks you put in brings you 4 when the bond matures!"

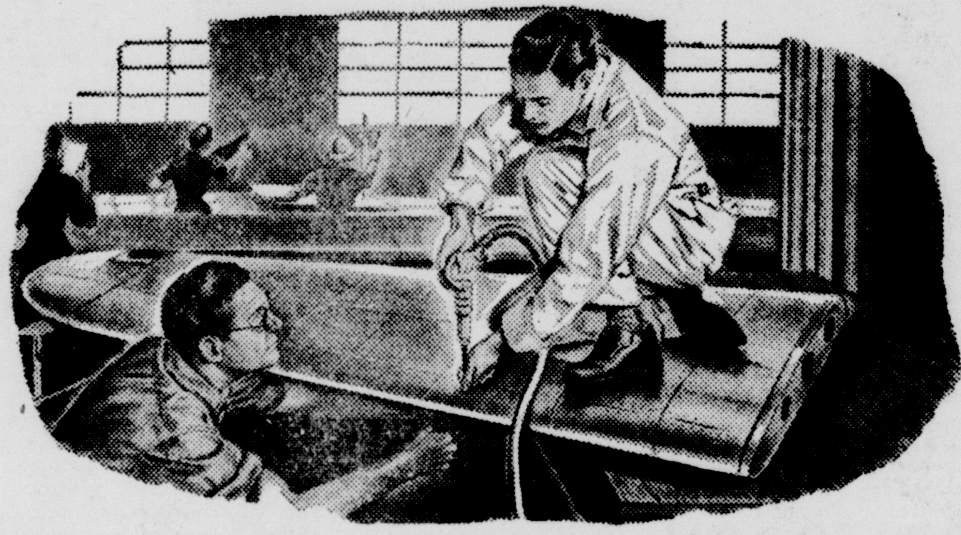

THEY SAY— "It would be hard to beat that as a sweet investment, wouldn't it? And when you lend your dough to Uncle Sam, you know he'll make good."

IT'S TRUE— "Say! War Bonds are *better* than dollar bills in your pocket, Joe! Not only is each one an ironclad *promise to pay*, backed up by the strongest Government in the world—but it makes *more* money for you all the time!"

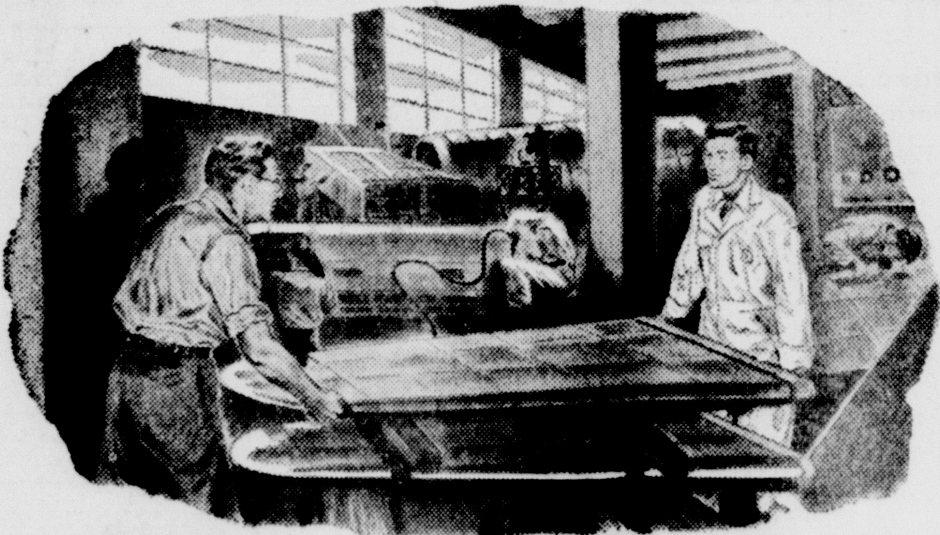

THEY SAY— "Supposing a fellow loses some of the War Bonds he buys—or somebody swipes 'em. I guess you want me to believe Uncle Sam will pay off on 'em just the same."

IT'S TRUE— "He sure will, Joe! Every War Bond you buy is registered in Washington—either in your name, or your wife's name, or whomever you pick. Nothing can happen to prevent your getting that money back—with interest."

THEY SAY— "One of the boys in the forge shop was trying to tell me that if everybody buys a lot of War Bonds, it helps keep prices down."

IT'S TRUE— "He's right, Joe. You don't have to be a brain truster to figure that out. Here's how it works: Now that the United States is making war goods instead of cars and radios and all the things people ordinarily buy, there aren't so many of those peacetime goods kicking around in the stores. So, if people with a lot of cash in their jeans start bidding against each other to get those scarce goods, *up go the prices!*"

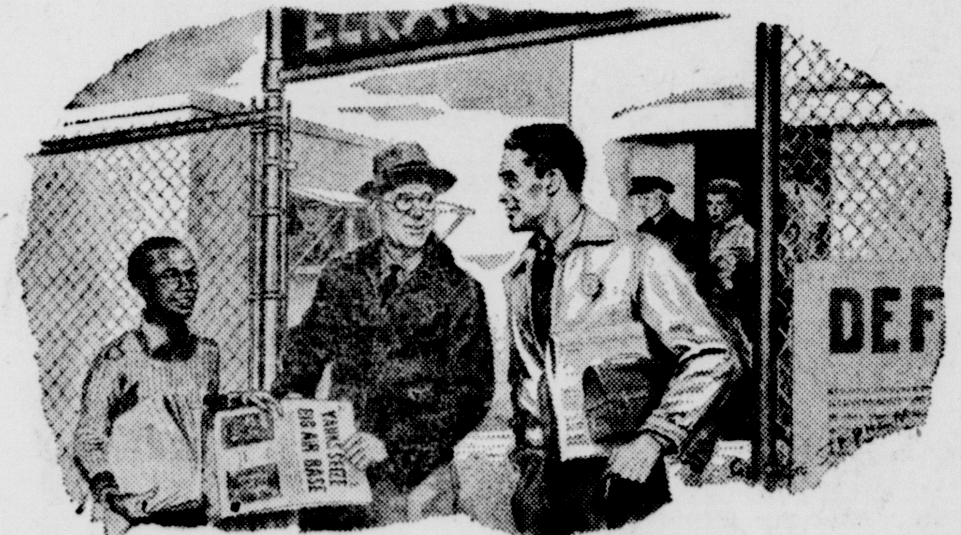

THEY SAY— "My wife has the idea, now that I'm earning more money, that War Bonds should be the Number One item on our budget—sort of a savings plan for us and the kids."

IT'S TRUE— "She's a smart woman, Joe. You're going to need a lot of things when this war is over. And there's no better way on earth to get the money for them than to save regularly *now*—by buying War Bonds."

THEY SAY— "Must be a lot of people owning War Bonds by now, aren't there, Bill?"

IT'S TRUE— "A lot of people? Listen! Fifty million of 'em have bought War Bonds—and I'm one of 'em. Fifty million Americans can't be wrong!"

THEY SAY— "Our plant has a Pay-Roll Savings Plan. Sounds like a handy way to buy War Bonds. I'll sign up tomorrow for 10 percent. Hmm—maybe I can make it more than that. I'll see."

IT'S TRUE— "Sure, our plant has the Pay-Roll Savings Plan. So do lots of others. And people who work in plants where the plan hasn't yet been installed would be awfully smart to get one started. They ought to mention it to their union head, or foreman, or plant manager. Believe me, Joe, you're not making any mistake when you put every dollar you can spare into War Bonds—and then a little more!"
